Professor Peter Lange
Provost
Office of the Provost
220 Allen Building
Campus

Dear Peter,

I am writing to inform you of action taken at the January 13th meeting of the Academic Programs Committee regarding the Pratt School of Engineering's proposal for a professional Master of Engineering degree. The committee voted unanimously to approve the new program as described in the proposal document dated December 27, 2009. The committee was impressed by the careful, thorough development of the proposal and by the School's careful consideration of questions that we raised in earlier meetings. We think that the program as currently described fills an important student need, and would add substantially to the School's offerings.

Thank you for the opportunity to participate in the review process.

Sincerely,

Lynn Smith-Lovin
Robert L. Wilson Professor of Sociology
