

Academic Programs Committee (APC), Subcommittee A

Resolution on proposal to rename the MA in Historical and Cultural Visualization to the  
MA in Digital Art History/Computational Media

Subcommittee A of the APC reviewed this proposal on December 2, 2015. The APC subcommittee agreed that the proposed new name more clearly describes the sub-field within the broader area of Art History that is degree's academic focus. The APC subcommittee was not entirely convinced that a simple name change alone would solve the student recruitment issue. Overall, however, the subcommittee was supportive of the proposed name change for this MA degree.

APC-A Voted on this Resolution on January 14, 2016:

- 8 votes in favor
- 1 abstain due to not being present during discussion
- 3 missing votes
