Dr. Peter Lange
Provost, and Professor of Political Science
Box 90005
Duke University

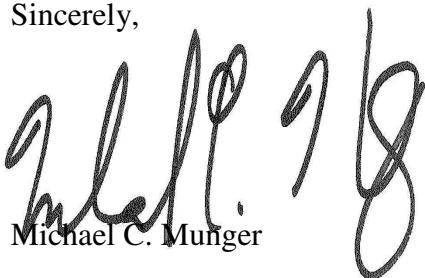

Dear Peter:

I am writing in regard to the proposed University PhD program in Environmental Policy.

After a meeting, and an extensive discussion, it turns out that the Political Science concentration within the PhD in Environmental Policy degree is workable and appropriate.

The Political Science Department is happy to contribute to the new program through existing course work.

Sincerely,

Michael C. Munger
